**ACTIVITY: ASSESSING THE ENVIRONMENT
SELF-ASSESSMENT**

Suggestions for Presenters

1. Distribute the *Collaborative Leadership Assessing the Environment: Self-Assessment Exercise* handout to the large group.
2. Ask participants to complete the self-assessment by reflecting on their own skills related to assessing the environment.
3. Ask the participants to rate their behavior frequency for each item.
4. Tell participants they will use the assessment information when completing a learning plan at the end of the session.
5. Debrief by asking: "Based on what we've been discussing in this workshop, how does this feedback (self-assessment) relate to being a collaborative leader?"

Handout

Collaborative Leadership Assessing the Environment: Self-Assessment Exercise
