ACTIVITY: CREATING CLARITY SELF-ASSESSMENT

Suggestions for Presenters

1. Distribute the *Collaborative Leadership Creating Clarity: Visioning and Mobilizing Self-Assessment Exercise* handout to the large group.
2. Ask participants to complete the self-assessment by reflecting on their own skills related to creating clarity.
3. Ask the participants to rate their behavior frequency for each item.
4. Tell them they will use the information from the assessment when completing a learning plan at the end of the session.
5. Debrief by asking: "Based on what we've been discussing in this workshop, how does this feedback (self-assessment) relate to being a collaborative leader?"
